If your loved one needs detoxification services...

If someone is ready to engage in alcohol and/or drug (AoD) treatment services, they must first be detoxed from the substance(s) of use. Some substances, like alcohol and benzodiazepines, can be deadly to detox from and require medical monitoring for the individual's safety. After detoxification, the individual can then be linked with treatment services. Detox services are available from StarkMHAR's Care Network:

- Contact **Crisis Intervention and Recovery Center** by dialing the Crisis Hotline at 330-452-6000.
- Contact **CommQuest Services - Regional Center for Opiate Recovery** by dialing 330-837-9411.

If your loved one does not have insurance...

Stark County residents can access behavioral health services regardless of their ability to pay through the Stark County Mental Health & Addiction Recovery (StarkMHAR) Care Network. StarkMHAR funded service providers accept various insurance programs, Medicare and Medicaid. Stark residents that are not covered by one of those options can receive services. Their ability to pay for those services will be determined by their income and could be fully subsidized by StarkMHAR. View online at StarkMHAR.org/CareNetwork.
