To accomplish this vision, the mission of StarkMHAR is to support wellness and recovery through innovation in funding, collaboration, education and advocacy. StarkMHAR is empowered by the State of Ohio to plan, develop, fund, manage and evaluate community-based mental health and addiction services. Federal, state and local funds are utilized to ensure mental health and addiction prevention, treatment and recovery support services are available to individuals and families in Stark County.

StarkMHAR also sees that the following services are available to anyone in Stark County in need:

- Crisis Hotline
- Crisis Intervention
- Sub-acute detoxification services for alcohol, benzodiazepines and opiates
- Screening and assessment for access to the state hospital
- Forensic services
- Prevention and education

Ability to Pay Guidelines: Stark County residents can access behavioral health services regardless of their ability to pay through the Stark County Mental Health & Addiction Recovery (StarkMHAR) Care Network. StarkMHAR funded service providers accept various insurance programs, Medicare and Medicaid. Stark residents that are not covered by one of those options can receive services. Their ability to pay for those services will be determined by their income and could be fully subsidized by StarkMHAR.
