## 2022 StarkMHAR Fall Recovery Workforce Scholarship

Candice German was recently awarded the Recovery Workforce Scholarship. She is working on her bachelor's degree in Social Work as well as holding a position as a Family Peer Support Specialist. She would like to advocate for policy change and funding opportunities for the mental health and addiction field. Her ultimate goal is to create programs and implement strategies and techniques that will help those suffering.

Candice's recommendation letter came from a Childhood Resource Center - "Candice never gave up, her desire to help others through some of life's challenges and share some of her strengths to help build the families protective factors should be fostered."
