What is StarkMHAR? What does StarkMHAR do?

Stark County Mental Health & Addiction Recovery (StarkMHAR) is the county "Board."

The role of county boards is to plan, evaluate, and fund mental health and addiction services locally by contracting with a wide range of providers for prevention, treatment and recovery support for their community members.

Additionally, StarkMHAR regularly looks for areas that need special attention, and makes plans to address those.

StarkMHAR also sees that the following services are available to anyone in Stark County in need:

- Case management
- Counseling
- Detox
- Education/support groups
- Medication assisted treatment
- Medication management
- Mobile crisis intervention
- Peer support
- Prevention education
- SUD residential treatment

- Federal Funds

- Local Funds

- Inpatient
- Programming Supports
- Services Supported By Grants

Ability to Pay Guidelines Stark County residents can access behavioral health services regardless of their ability to pay through a Stark County Mental Health & Addiction Recovery (StarkMHAR) Funded Provider. StarkMHAR Funded Providers accept various insurance programs, Medicare and Medicaid. Stark residents that are not covered by one of those options can receive services. Their ability to pay for those services will be determined by their income and could be fully subsidized by StarkMHAR.
