

Licensed Therapist

Flexible schedule | Office or school based

Clinical work that fits your life

Child & Adolescent Behavioral Health is seeking Ohio licensed therapists who want meaningful work with greater control over their schedules. Choose office-based care, school-based care or a combination of both.

FLEXIBLE

YOUR SCHEDULE

Establish dependable availability that works for you and the families you serve.

CHOICE

YOUR SETTING

Office-based, school-based care or a combination of both.

The Opportunity

This position offers an alternative to a traditional full-time caseload. Clinicians establish consistent availability with C&A and provide direct care during those hours. The role may complement another position, support a gradual return to practice or provide a flexible way to stay connected to clinical work in the community.

What makes the role different

- | | | |
|----|--------------------------------|--|
| 01 | Choose your setting | Work in a C&A office, a partner school, or both. |
| 02 | Shape your availability | Establish dependable hours that work for you and the families you serve. |
| 03 | Focus on clinical care | Join an established behavioral health organization and multidisciplinary care network. |

Who are we looking for

We are looking for engaging, dependable clinicians who connect well with children and caregivers, value collaboration and bring sound judgment to complex needs. Experience in child and family behavioral health is valuable, but we also welcome clinicians interested in expanding their work with young people.
